

American Society of Civil Engineers (ASCE) Michigan Section

**Engineering Scholarships
for Civil Engineering Students**

Scholarship Information & Application

Scholarship Information

The Michigan Section of the ASCE encourages the advancement of the Civil Engineering profession by qualified and interested students. To that end, the ASCE Michigan Section offers financial support through two scholarships. These scholarships have been endowed through the efforts and generosity of individual Civil Engineers and leading Civil Engineering companies throughout Michigan.

Mackinac Scholarship

Named in honor of *Michigan's #1 Civil Engineering Project of the 20th Century* by the ASCE Michigan Section membership in December 1999, the Mackinac Scholarship is intended to recognize a premier Civil Engineering student from Michigan. The award will be presented annually, and will consist of a two-year grant of \$5,000 each year (totaling \$10,000 over a two-year period) to a student entering his or her junior year at an ABET-accredited Civil Engineering program. The award considers merit, personal initiative, and financial need and encourages both participation in a student chapter of ASCE and contributions to the advancement of student engineering.

Zuidema Scholarship

Named in honor of an outstanding Past-President of the Michigan Section and the Western Michigan Branch of ASCE, the Marvin L. Zuidema Scholarship Award is presented annually to a student member of ASCE who has made a contribution to the advancement of student engineering activities. This award will consist of a one-time grant of \$1,500, and considers academic performance as an indication of preparation for a future career in Civil Engineering. The Zuidema scholarship is available to either a junior or senior in an ABET-accredited Civil Engineering program.

Eligibility and Requirements

All applicants must:

- Be enrolled as a full-time student in good standing in an ABET-accredited Civil and/or Environmental Engineering program in the state of Michigan.
- Be a resident of Michigan and a US citizen at the time of application.
- Have a cumulative grade-point average of 2.5 (out of 4.0) at the time of application.

How to Apply

To apply, submit the ASCE Scholarship Application (photocopies are accepted), an official college transcript, and any letters of recommendation to:

ASCE Michigan Section Scholarships, 530 W. Ionia St., Ste. D, Lansing, MI 48933

Initial judging will be made on the basis of each candidate's academic record, participation in extra-curricular activities, evidence of leadership, character, and self-reliance, comments from employers and university officials, and financial need. Semi-finalists may be contacted for an interview. Award winners will be announced in September. The scholarship committee reserves the right to use discretion in the award of the available scholarships, and all decisions of the scholarship committee are final.

For more information, contact Cindy Schmitz, ASCE Michigan Support Staff by phone: (517) 332-2066 or by e-mail: cschmitz@acecemi.org
